Solar Park Lighting City of Playford | South Australia

BACKGROUND

Location : Various, City of Playford | South Australia

The City of Playford in South Australia has installed 6 x GFS-ASPIRE-225 solar lights across three locations:
Marena Ave Craigmore | St Leonards Craigmore | Chellaston Rd Munno Para West

OUR SOLUTION

Product Supplied: 6 x ASPIRE-225 Solar Lights (2 units at each location)

The ASPIRE-225 has become the product of choice for park and public area lighting, with these three recent park lighting projects proving to be well received by the local residents. The Aspire solar lights are now being specified for four more local park projects within the City of Playford.

OUTCOME

The City of Playford are very pleased with the outcomes of these solar lighting projects and will continue to work with Green Frog Systems with other up and coming projects.
